Dear Sir,

With reference to your D.O. letter camp No.B. dated the 11th instant, in the matter of the repairs to be executed to the Sri Yoga Narasimhaswami temple at Melkote, I write to say that it was reported by the Executive Engineer in May 1917 that no contractor came forward to undertake the work and the kalasams had to be done under special arrangements either with those in Bangalore who were specialists or with the Chamarajendra Technical Institute at Mysore.

As he failed to secure reasonable rates, it would appear he submitted in December 1917 a revised estimate amounting to Rs 16,866 to the Deputy Commissioner for countersignature.

The Executive Engineer has been requested to state the steps he has taken to start the work at least

departmentally.

Letter No.43 dated the 4th March 1918 from the Architectural Executive Engineer, Mysore, to the Superintending Engineer, Southern Circle.

Superintending Engineer's No.1325 dated 20th February 1918 forwarding Chief Engineer's No.2048 dated 15th February 1918 with its enclosure re the preparation of gilded kalasams required for Sri Yoga Narasimhaswami temple at Melkote.

With reference to the above, I have the honour to bring to your notice that the local labourers at Mysore demand Rs2-2-0 per seer of the preparation of copper Kalasams including cost of copper and labour charges and at the same time, I learn that the cost of gold also has gone up very high nearly Rs29 per tola while only than it is provided in the estimate.

2. Under the above circumstances I am of opinion that the quotations received from the Technical Institute, Mysore, are fair and may be accepted (if they stick up to their original quotation which I very much doubt).
